Dear Sir/Madam,

PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE AND PROPOSED NEW SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING IN NATURE

1. INTRODUCTION

At the 10th AGM of the Company held on 31 May 2024, the Company had obtained a mandate from its shareholders to allow LHI Group to enter into RRPTs on terms that are not more favourable to the Related Parties than those generally available to the public as set out in the circular to shareholders dated 30 April 2024. This shareholders' mandate shall, in accordance with the Listing Requirements, lapse at the conclusion of the forthcoming 11th AGM to be convened on 30 May 2025, unless approval for its renewal is obtained from the shareholders of the Company at the 11th AGM.

The Company had, on 18 April 2025, announced its intention to seek shareholders' approval for the Proposed Renewal of Shareholders' Mandate and Proposed New Shareholders' Mandate in accordance with Paragraph 10.09 and Practice Note 12 of the Listing Requirements at the forthcoming 11th AGM of the Company.

The purpose of this Circular is to provide you with relevant information of the Proposals and to seek your approval for ordinary resolution pertaining to the Proposals to be tabled as Special Business at the forthcoming 11th AGM of the Company. The Notice of the 11th AGM and the proxy form are enclosed in the Annual Report 2024 of the Company.

YOU ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS CIRCULAR TOGETHER WITH THE APPENDIX CONTAINED HEREIN BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSALS TO BE TABLED AT THE FORTHCOMING 11th AGM.

2. DETAILS OF THE PROPOSALS

2.1. Provisions under the Listing Requirements

Paragraph 10.09(2) and Practice Note 12 of the Listing Requirements provides that a listed issuer may seek its shareholders' mandate for RRPTs subject to the following:

- (a) the transactions are in the ordinary course of business and are on terms not more favourable to the related party than those generally available to the public;
- (b) the shareholders' mandate is subject to annual renewal and disclosure is made in the Annual Report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year (based on the type of transactions, names of related parties involved in each type of transactions made and their relationship with the listed issuer) where the aggregate value is equal to or more than the threshold prescribed under Paragraph 10.09(1) of the Listing Requirements;
- (c) the issuance of a circular to shareholders for the shareholders' mandate includes such information as may be prescribed by Bursa Securities;
- (d) in a meeting to obtain the shareholders' mandate, a related party with any interest, direct or indirect, must not vote on the resolution approving the RRPTs. An interested Director or interested Major Shareholder must also ensure that the Person(s) Connected with them abstain from voting on the resolution approving the RRPTs; and
- (e) to immediately announce to Bursa Securities when the actual value of RRPTs entered into by the Company, exceeds the estimated value of the RRPTs disclosed in the circular by 10% or more of the aggregate value and must include the information as may be prescribed by Bursa Securities in its announcement.

Where a listed issuer has procured a shareholders' mandate pursuant to Paragraph 10.09(2) of the Listing Requirements, the provisions of Paragraph 10.08 of the Listing Requirements will not apply.

2.2. Proposed Renewal of Shareholders' Mandate and Proposed New Shareholders' Mandate

The Board proposes to seek shareholders' mandate for the RRPTs to be entered into by LHI Group from the date of the forthcoming 11th AGM until the next AGM of the Company. Such RRPTs have been/will be conducted in the ordinary course of business with the Related Parties and are on normal commercial terms and transaction prices which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the interest of the minority shareholders of the Company.

The Proposals, if approved, will take effect from the date of the passing of the proposed ordinary resolution at the forthcoming 11th AGM and shall continue to be in force until:

- (a) the conclusion of the next AGM of the Company, at which time it will lapse, unless by a resolution passed in a general meeting whereby the authority is renewed; or
- (b) the expiration of the period within which the next AGM is required to be held pursuant to Section 340(2) of the Act (but must not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (c) the mandate is revoked or varied by an ordinary resolution passed by the shareholders in a general meeting,

whichever is the earlier.

Thereafter, approval from shareholders will be sought for the renewal of the shareholders' mandate for RRPTs at each subsequent AGM of the Company if the Directors decide that the renewal of the mandate is desirable.

2.5. Amount due and owing by the Related Parties pursuant to the RRPTs

As at 31 December 2024, there was no amount due and owing by the Related Parties to the Company that has exceeded the credit term given.

2.6. Review procedures for the RRPTs

To ensure that the RRPTs are undertaken on an arm's length basis and on normal commercial terms that are consistent with LHI Group's usual business practices and policies and on transaction prices and terms not more favourable to the Related Parties than those generally available to the public, and are not detrimental to the interest of the minority shareholders of the Company, the ARC has been tasked with the review of related party transactions.

The Company has established the following procedures for the review of RRPT:

- (a) A list of Related Parties shall be circulated to the operating divisions and the Company's subsidiaries to notify that all RRPTs are required to be undertaken on (i) an arm's length basis and (ii) normal commercial terms and transaction prices which are not more favourable to the Related Parties than those generally available to the public;
- (b) All RRPTs entered or to be entered into will be reviewed by the ARC and reported to the Board to ensure the transactions are not more favourable to the Related Parties and are not to the detriment of the minority shareholders of the Company;
- (c) Proper records shall be maintained to record all RRPTs entered or to be entered into pursuant to the Proposed Renewal of Shareholders' Mandate and Proposed New Shareholders' Mandate to ensure the accurate disclosure thereof. A summary of the transactions will be tabled to the ARC for review on quarterly basis and if necessary, the ARC may request the internal auditors to review the management system and procedure in compiling information;
- (d) The transaction prices are based on prevailing market rates or prices that are agreed upon under normal commercial terms for transactions with third parties, business practices and policies and on terms which are generally in line with industry norms;
- (e) The ARC shall continue to review the adequacy and appropriateness of the procedure and guidelines established to monitor the RRPTs as and when required to ensure that the procedure and guidelines have been complied with;
- (f) Where a member of the Board or the ARC has an interest (direct or indirect) in any particular RRPT, he/she shall declare his/her interest in the RRPT and will have to refrain from deliberation and abstain from voting on the matter at the Board or ARC meetings in respect of that RRPT; and
- (g) The internal threshold approval of all RRPTs entered into by LHI Group is subject to the review by the ARC and approval by the Board regardless of the amount.

Generally, the prices and terms and conditions of the RRPTs are based on market rates and industry practices, the availability of the amount to be transacted and negotiated are on a "willing buyer-willing seller" basis, so that there is no conflict of interest. Whilst assessing a memorandum to be put up before the ARC and/or Board for approval, the ARC and/or Board may review the following documents or seek the following information from the management in order to determine if the transaction is in the ordinary course of business and whether it is at arm's length:

- (a) Nature of transaction, such as details of sales and purchase of goods, or property to be acquired/sold, or services to be rendered;
- (b) Key terms, such as price and other commercial terms and conditions stipulated under the contract of the proposed transaction, including its value and quantum;

- (c) Key covenants as per contract to be entered into for such transaction; and
- (d) Benchmarking information that may have an impact on the arm's length assessment such as:
 - (i) Management's assessment of pricing terms and business justification for the proposed transaction;
 - (ii) Comparative analysis, if any, of such other transaction entered into by LHI Group;
 - (iii) Market analysis, industry trends, financial forecast or price publication such as consumer price index, property prices, interest rate, commodity prices, whichever is relevant; and
 - (iv) Whether the transactions are in the ordinary course of business.

Wherever practical or feasible, at least 2 other contemporaneous transactions with unrelated third parties for similar product/services and/or quantities will be used as comparison, to determine whether the price and terms offered to/by the Related Parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of product/services and/or quantities. In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined by LHI Group based on those offered to/by other independent third parties for the same or substantially similar type of transaction to ensure that the RRPTs are not detrimental to LHI Group.

2.7. Statement by the ARC

The ARC has seen and reviewed the procedures in Section 2.6 above and is satisfied that the processes and procedures established for RRPTs are sufficient to ensure that the RRPTs are conducted at arm's length basis, and they are fair, reasonable, and on normal commercial terms and the transaction prices are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the interest of the minority shareholders of the Company.

The ARC is of the view that LHI Group has put in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner. Furthermore, the ARC shall also have the discretion to amend the procedures which are no longer appropriate or adequate, to ensure the RRPTs are, at all times, carried out on terms which are consistent with LHI Group's practices and are not detrimental to the interest of the minority shareholders of the Company. These processes and procedures are reviewed on an annual basis or whenever the need arises.

2.8. Deviation from the mandate

The actual aggregate value transacted for all the mandated RRPTs from the date on which the mandate was obtained until the LPD were below the threshold permitted by the mandate.

3. RATIONALE AND BENEFITS FOR THE PROPOSALS

The RRPTs entered or to be entered into by LHI Group are recurrent transactions of revenue or trading in nature conducted in the ordinary course of business of LHI Group and reflect the long-term commercial relationship with the Related Parties, which are likely to continue in the future on a frequent and recurrent basis from time to time.

These RRPTs may be constrained by the time-sensitive nature and confidentiality of the same, and it may be impractical to seek shareholders' approval on a case-to-case basis before entering into such RRPTs. In this regard, the Company is seeking its shareholders' approval for the mandate pursuant to Paragraph 10.09 of the Listing Requirements for the RRPTs, as described in Section 2.4 of this Circular, which have been entered or to be entered into on an arm's length basis, on normal commercial terms and transaction prices which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

The Proposed Renewal of Shareholders' Mandate and Proposed New Shareholders' Mandate would eliminate the need to make announcements to Bursa Securities and/or to convene separate general

meetings from time to time to seek shareholders' approval as and when the RRPTs occur. This would substantially reduce the administrative time, inconvenience and resources associated with the convening of such meetings, without compromising the corporate objectives or adversely affecting the business opportunities available to LHI Group.

LHI Group has a long-standing business relationship with the Related Parties. The Directors are of the view that the close working relationship of LHI Group and the Related Parties has over the years benefited LHI Group's overall business and boosted business volume of LHI Group.

It should also be emphasised that the Related Parties are not under any obligation to enter into transactions with LHI Group and vice versa. Ultimately, all business transactions are entered into with the intention of profiting from market situations within normal trade practices. Therefore, external market prices and conditions are important factors that determine transaction prices between LHI Group and the Related Parties.

4. EFFECTS OF THE PROPOSALS

The Proposals are not expected to have any effect on the issued and paid-up share capital of the Company and its Substantial Shareholders' shareholdings and are not expected to have a material effect on the NA per share, gearing or EPS of LHI Group.

5. APPROVALS REQUIRED

The Proposals are subject to the approval of the shareholders of LHI at the forthcoming 11th AGM.

YOU ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS STATEMENT BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY TO BE TABLED AT THE FORTHCOMING 11th AGM.

2. DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Board is proposing to seek its shareholders' approval for the renewal of authority for the Company to purchase its own shares of up to ten percent (10%) of its total number of issued shares at any point in time, subject to the compliance with the Act, the Listing Requirements and any prevailing laws, rules, regulations, guidelines and other requirements issued by the relevant authorities.

The approval from shareholders for the Proposed Renewal of Share Buy-Back Authority, shall be effective immediately upon the passing of the ordinary resolution on the Proposed Renewal of Share Buy-Back Authority at the forthcoming 11th AGM and will continue to be in force until:

- (i) the conclusion of the next AGM of the Company at which time the authority shall lapse unless by an ordinary resolution passed at the general meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (iii) revoked or varied by an ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first.

Shareholders' approval for the Proposed Renewal of Share Buy-Back Authority does not impose an obligation on the Company to purchase its own shares on Bursa Securities. The Proposed Renewal of Share Buy-Back Authority will allow the Board to exercise the power of the Company to purchase its own shares at any time within the abovementioned time period.

3. QUANTUM

As at the LPD, the total number of shares issued by the Company is 3,651,701,800 shares (including 40,071,400 Treasury Shares). For illustration purposes, the maximum number of shares which may be purchased and/or held by the Company based on the existing total number of issued shares and the number of Treasury Shares held as at LPD are as follows-

	<u>No. of Shares</u>
Total number of issued shares	3,651,701,800
10% thereof	365,170,180
Less: Shares purchased and held as Treasury Shares	<u>(40,071,400)</u>
Maximum number of Shares that may be purchased pursuant to the Proposed Renewal of Share Buy-Back Authority	<u><u>325,098,780</u></u>

The Company also has an ESOS of which any exercise of vested ESOS options by the Grantees will increase the total number of issued shares of the Company. As at the LPD, the Company has 42,239,400 Outstanding Options. Should the number of issued shares increase due to the exercise of Outstanding Options, the maximum aggregate number of shares that can be purchased by the Company is up to ten

percent (10%) of the enlarged total number of issued shares at the time of purchase less any shares purchased and retained as Treasury Shares.

4. FUNDING

The Proposed Renewal of Share Buy-Back Authority will be funded through internally generated funds and/or bank borrowings, the proportion of which will depend on, among others, the availability of internally generated funds, the actual number of shares to be purchased and other relevant cost factors at the time of purchase(s). The actual number of shares to be purchased and/or held will also depend on the market conditions, sentiments of the stock market as well as financial resources available to the Company. In the event the purchase of shares is to be partly financed by bank borrowings, the Board will ensure that it has capability of repaying the borrowings and the repayment of borrowings will not have any material effect on the Company's cash flows. In addition, the Board will ensure that the Company satisfies the solvency test as stated under Section 112(2) of the Act before executing the Proposed Renewal of Share Buy-Back Authority.

In accordance with the Listing Requirements, the funds for the Proposed Renewal of Share Buy-Back Authority must be made wholly out of retained profits of the Company. As such, the Board proposes to allocate a maximum amount not exceeding the aggregate sum of the retained profits of the Company at the time of such purchase(s). Based on the Company's latest audited financial statements for the FYE 31 December 2024, the accumulated retained earnings of the Company were RM 56,859,978. As at the date of issuance of this Statement, the unaudited retained profits of the Company as at 31 March 2025 has not been announced to Bursa Securities.

An immediate announcement will also be made to Bursa Securities of any resale, transfer or cancellation of shares so purchased.

While the purchased shares are held as treasury shares, the right attached to them as to voting, dividends and participation in any other distributions or otherwise are suspended, and the treasury shares shall not be taken into account in calculating the number or percentage of shares or a class of shares in the Company for any purposes including substantial shareholdings, takeovers, notices, the requisitioning

of meetings, the quorum for meetings and the result of a vote on a resolution at a meeting of the shareholders.

The Company has not resold, transferred or cancelled any of its shares during the last 12 months preceding the LPD.

8. PUBLIC SHAREHOLDING SPREAD

The Proposed Renewal of Share Buy-Back Authority will be carried out in compliance with the prevailing laws at the time of purchase including compliance with Paragraph 8.02(1) of the Listing Requirements which requires at least 25% of the total number of issued shares (excluding treasury shares) of the Company to be in the hands of public shareholders.

In this regard, the Company will ensure that prior to any share buy-back exercise, the minimum public shareholding spread of at least 25% is met and maintained. As at the LPD, the public shareholding spread of the Company was approximately 32.16%

9. RATIONALE FOR THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Proposed Renewal of Share Buy-Back Authority will provide the Company with an additional option to utilise its surplus financial resources, which is not immediately required for other uses, to purchase its own shares from the open market at market prices which the Board views as favourable to help stabilise the supply and demand of shares traded on the Bursa Securities and thereby support its fundamental value.

If the purchased shares are subsequently cancelled and subsequently a lower number of shares being used for the purpose of computing EPS, all things being equal, long-term investors are expected to enjoy a corresponding increase in the value of their investments in the Company with the proportionate strengthening of the EPS and the NA per share may improve, which is in turn expected to have a positive impact on the market price of the shares.

If the purchased shares are kept as treasury shares, it will provide the Company an opportunity to resell the treasury shares at higher price in future and may potentially generate capital gains for the Company.

Should the treasury shares be distributed as share dividends and/or issued under an employees' share scheme, this would serve to reward the shareholders of LHI and/or eligible employees.

10. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

10.1. Potential advantages

The potential advantages of the Proposed Renewal of Share Buy-Back Authority to the Company and its shareholders are as follows:

- (i) Allows the Company to take preventive measures against speculation, particularly when the shares are undervalued and this would, in turn, stabilise the market price of the shares and hence, enhance investors' confidence;
- (ii) Allows the Company the flexibility to achieve the desired capital structure, in terms of debt and equity composition and size of equity;
- (iii) Provides the Company with opportunities for potential gains if the purchased shares which are retained as treasury shares, are resold at a higher price than they were bought for; and
- (iv) Serves to reward the shareholders of the Company and/or eligible employees if the purchased shares which are retained as treasury shares, are distributed as share dividends to the shareholders and/or issued under an employees' share scheme.

10.2. Potential disadvantages

The potential disadvantages of the Proposed Renewal of Share Buy-Back Authority to the Company and its shareholders are as follows:

- (i) Temporarily reduces the financial resources of the Company, which may result in the Company foregoing feasible investment opportunities that may emerge in the future; and
- (ii) Reduces the financial resources available for distribution of dividends to shareholders in the immediate future as the funds to be allocated for the Proposed Renewal of Share Buy-Back Authority must be made wholly out of the retained profits of the Company.

Nevertheless, the Proposed Renewal of Share Buy-Back Authority is not expected to have any material disadvantages to the Company and its shareholders, as it will be implemented only after due consideration of the financial resources of the Company and of the resultant impact to the Company and its shareholders. The Board, in exercising any decision to purchase any of the shares, will be mindful of the Company's and its shareholders' interest.

11. EFFECTS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

11.1. Issued share capital

The Proposed Renewal of Share Buy-Back Authority will have no effect on the number of issued share capital of LHI if the purchased shares are held as treasury shares. However, the rights attaching to the treasury shares as to voting, dividends and participation in any other distributions or otherwise are suspended, and the treasury shares shall not be taken into account in calculating the number or percentage of shares or a class of shares in the Company for any purposes including substantial shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for meetings and the result of a vote on a resolution at a meeting of the shareholders.

The Proposed Renewal of Share Buy-Back Authority will result in a reduction of the total number of issued shares of the Company if the purchased shares are cancelled. The effects on

the issued share capital of the Company assuming up to ten percent (10%) of the issued share capital are purchased and cancelled entirely, are illustrated below:-

Minimum Scenario

Assuming that no Options are exercised and converted into new shares during the implementation of the Proposed Renewal of Share Buy-Back Authority, the Proposed Renewal of Share Buy-Back Authority will have no effect on the issued share capital as the shares purchased are to be retained as treasury shares, resold, or distributed to the shareholders.

Maximum Scenario

Assuming that all Options are exercised and converted into new shares and in the event the Proposed Renewal of Share Buy-Back Authority is undertaken in full and all the shares purchased are subsequently cancelled, the effects shall be as follows-

	<u>No. of Shares</u>
Issued share capital as at the LPD	3,651,701,800
Add: Exercise of Options	42,239,400 ⁽¹⁾
Enlarged total number of issued shares after the exercise of Options	3,693,941,200
Less: Maximum number of shares that may be purchased and cancelled pursuant to the Proposed Renewal of Share Buy-Back Authority ⁽²⁾	(369,394,120)
Resultant share capital	<u>3,324,547,080</u>

Notes:

(1) Assuming all Outstanding Options of 42,239,400 as at the LPD are exercised.

(2) Assuming all shares purchased are cancelled.

11.2. NA

The effects of the Proposed Renewal of Share Buy-Back Authority on the consolidated NA of LHI Group will depend on the actual number of shares purchased, purchase price of the shares, the effective funding cost, if any, and the subsequent treatment of the shares so purchased.

The NA of LHI Group would decrease if the shares bought back are cancelled. The Proposed Renewal of Share Buy-Back Authority will reduce the consolidated NA per share if the purchase price exceeds the consolidated NA per share at the time of purchase and vice versa.

The consolidated NA of LHI Group would decrease by the cost of the treasury shares due to the requirement for treasury shares to be carried at cost and be offset against equity if the shares bought back are retained as treasury shares.

Should the shares so purchased be held as treasury shares and later resold, the consolidated NA per share of LHI Group will increase if the Company realise a gain from the resale, and vice versa. Should the treasury shares are distributed as share dividends or issued under an employees' share scheme, the NA per share of LHI Group will decrease by the cost of the treasury shares.

11.3. Earnings and EPS

The effects of the Proposed Renewal of Share Buy-Back Authority on the earnings and EPS of LHI Group will depend on the number of shares purchased, purchase price of the shares and the effective funding cost or loss of interest income to the Group, or opportunity cost in relation to other investment opportunities. Nevertheless, all things being equal, assuming the purchased shares are retained as treasury shares, the Proposed Renewal of Share Buy-Back Authority is expected to increase the EPS of LHI Group.

If the purchased shares are treated as treasury shares and subsequently resold, the extent of the effect to the earnings of LHI Group will depend on the actual selling price, the number of treasury shares resold and the effective gain or interest savings.

If the purchased shares are cancelled, the number of shares applied in the computation of EPS will reduce and accordingly, all things being equal, the Proposed Renewal of Share Buy-Back Authority will increase the EPS of LHI Group.

11.4. Working Capital

The Proposed Renewal of Share Buy-Back Authority will reduce the working capital and cash flow of LHI Group, the quantum of which will depend on the actual purchase price of the shares and number of shares purchased and the funding cost, if any.

For shares purchased which are kept as treasury shares, upon resale of such shares, the working capital and cash flow of LHI Group will increase assuming that a gain has been realised. The quantum of the increase in the working capital will depend on the actual selling price of the treasury shares and the number of treasury shares resold.

11.5. Dividends

The Proposed Renewal of Share Buy-Back Authority must be wholly made out of the Company's retained profits and thus, may have impact on the Company dividend rate as it will reduce the cash available for distribution of dividends to the shareholders of the Company.

Nonetheless, if the shares purchased are retained as treasury shares, the treasury shares may be distributed as dividends to the shareholders, if the Company so decides. If the shares purchased are cancelled, the Proposed Renewal of Share Buy-Back Authority will have the effect of increasing the dividend rate of the Company as a result of the reduction in the number of issued shares.

Barring any unforeseen circumstances, the Proposed Renewal of Share Buy-Back Authority is not expected to have any material impact on the policy of the Board in recommending dividends for the financial year ending 31 December 2025, which would depend on, amongst others, the profitability, cash flow position and financing requirements of the Company.

Other than as disclosed below, as at the LPD, LHI Group is not involved or engaged in any material litigation, claim or arbitration, either as plaintiff or defendant, and the Directors of LHI confirm that there are no proceedings pending or threatened or any fact likely to give rise to any proceedings which might materiality and adversely affect the financial or business position of LHI Group:

(i) Decision by Malaysia Competition Commission

On 2 November 2021, the Malaysia Competition Commission (“**MyCC**”) commenced an investigation pursuant to Section 14(1) of the Competition Act 2010 (“**Competition Act**”) based on reasonable suspicion of collusion between certain poultry feed millers regarding the pricing of poultry feed, which involved Leong Hup Feedmill Malaysia Sdn Bhd (“**LFM**”), a wholly-owned subsidiary of LHI, and 4 other poultry feed millers.

On 22 December 2023, MyCC pursuant to Section 40 of the Competition Act notified LFM of its decision dated 11 December 2023 (“**Decision**”) on the said investigation. In the Decision, MyCC found that LFM had engaged in agreements and/or concerted practices together with 4 other poultry feed millers and is in breach of Section 4 of the Competition Act. MyCC imposed a financial penalty of RM157,470,027.02 on LFM to be paid to MyCC within 30 days from the date of the Decision and ordered LFM to cease and desist from participating in the alleged anticompetitive horizontal agreement in relation to the price of poultry feed.

On 9 January 2024, LFM filed a notice of appeal and a stay of the Decision with the Competition Appeal Tribunal (“**CAT**”). The hearing of the stay application at the CAT was conducted on 12 June 2024. On 6 December 2024, the CAT dismissed LFM’s application to stay the MyCC’s Decision pending the disposal of LFM’s appeal to CAT against the MyCC’s Decision with no order as to costs (“**CAT Decision on Stay**”).

On 16 December 2024, LFM filed an application for leave to institute judicial review proceedings against the CAT Decision on Stay and seek an ad interim stay order in relation to MyCC’s Decision requiring payment of the financial penalty.

On 19 December 2024, LFM received an unsealed originating summons dated 18 December 2024 and an affidavit in support from MyCC’s solicitors to enforce MyCC’s Decision under Section 42 of the Act. In response, LFM sought consultation from its external legal counsels on the necessary and appropriate actions to challenge the proceedings initiated by MyCC.

On 2 January 2025, the High Court of Kuala Lumpur granted LFM leave to institute judicial review proceedings against the CAT Decision on Stay and issued an ad interim stay order in relation to the MyCC’s Decision, pending the disposal of LFM’s Interim Stay Application. LFM’s interim stay application seeks to stay all actions, proceedings, and enforcement of the MyCC’s Decision pending the disposal of LFM’s judicial review application (“**LFM’s Interim Stay Application**”).

On 8 April 2025, the High Court of Kuala Lumpur ordered a stay on all actions, proceedings, execution, and enforcement of MyCC's Decision, pending disposal of LFM's judicial review application, with costs in cause. The High Court has fixed the hearing of LFM's judicial review application on 23 July 2025.

Meanwhile, on 18 February 2025, the CAT conducted a hearing of LFM's appeal against the MyCC's decision and LFM's counsel had made its oral submissions in reply on 18 April 2025.
